LES ÉTOILES

Details make perfection, and perfection is not a detail. LES ÉTOILES strength lies in its sublime sense of perfection. Each piece as well as the packaging is crafted by hand, therefore unique. Sophisticated materials such as crystals, silk, silver are used to create glittering high-end bijoux. Poetic as a night sky covered in shiny stars, our accessories are made to complete an outfit with a perfect touch of stardust, that's the reason each piece is named after a star, a comet or a galaxy.

Perfect MONDAY

ITALY

Start your week with the perfect outfit! Whether it is a day in the office or a night out, the right outfit has the power to make you feel confident. Perfect Monday's unique style will see you through every day of the week and every occasion. Fast-fashion is carefully selected in order to create refined collections with continuous new entries.

Elegance, quality, attention to details and fair prices are our fundamental pillars. Our ready-to-wear guarantees quick moving stock as well as good margins with constant new arrivals.

A brand for the dreamy ones, for women that love that feeling of coziness and warmth you only get when surrounded by things that inspire you. "Poesie" is not just a clothing brand, it is a state of mind: sophisticated, cultured, imaginative and at the same time simple and timeless. Picture yourself reading a good book, with a steamy cup of tea, sitting next to a crackling fireplace, that's exactly the feeling we want to give you through our apparel.

Simple and clean style, textures and soft threads put together in beautiful pieces, like little poems in your everyday life. We offer small ready-to-wear collections in order to ensure constant new arrivals that will help you increase sales and reduce unsold stocks.

1,618 SEZIONE AUREA

Pure 925 silver can turn into delicate pieces of art when shaped by expert hands, that's what we believe in when creating our 100% Italian jewels. Sezione Aurea, as the name: "Golden Ratio" suggests, focuses on the beauty of proportions and the perfection of simple forms.
